## Introduction

In the rapidly evolving digital landscape, effective leadership is crucial to navigate and leverage technology to drive organizational success. This 5-day professional course, "Digital Leadership in the Era of Transformation," is designed to empower current and aspiring leaders with the skills, insights, and strategies needed to lead digital initiatives and foster a culture of innovation and change.

- Understand the role of digital leadership in transformative times.
- Identify and assess digital opportunities within organizations.
- Develop skills to lead and manage digital transformation projects.
- Foster an organizational culture that embraces technology-driven change.
- Equip leaders with tools to handle challenges and harness digital growth.
