Introduction

The "Digital HR Transformation and HRIS Implementation" course is designed for HR professionals and managers who are eager to modernize their HR practices through digital solutions. This five-day program will provide participants with a comprehensive understanding of how to effectively implement Human Resource Information Systems (HRIS) and lead a digital transformation within their organization. Attendees will learn to assess current HR processes, evaluate technology solutions, manage change, and measure the impact of digital transformation.

Objectives

- Understand the fundamentals of digital HR transformation and HRIS.
- Identify and assess current HR processes for digital improvement.
- Evaluate and select appropriate HRIS solutions that align with organizational goals.
- Develop change management strategies to ensure successful HRIS implementation.
- Measure and analyze the impact of HR digital transformation initiatives.

Course Outlines

Day 1: Introduction to Digital HR Transformation

- Overview of Digital HR Transformation: Trends and Drivers
- The Role of HRIS in Modern HR Practices
- Case Studies: Successful Digital HR Transformations
- Identifying Key Stakeholders in HR Transformation
- Setting Objectives and Goals for Digital HR Initiatives

Day 2: Evaluating and Selecting HRIS Solutions

- Understanding HRIS Features and Functionalities
