

London TDM

Project Management Training Courses

Course Venue: United Kingdom - London

Course Date: From 10 May 2026 To 14 May 2026

Course Place: London Paddington

Course Fees: 6,000 USD

Introduction

This 5-day professional course is designed to equip project managers, coordinators, and planners with advanced project planning and scheduling techniques. Through detailed discussions, hands-on activities, and real-world examples, participants will gain valuable insights to enhance their project management skills, ensuring successful project completion within allocated timeframes.

Objectives

- Understand the fundamental principles of project planning and scheduling.
- Develop comprehensive project schedules using various tools and software.
- Enhance skills in risk management and contingency planning.
- Learn effective time management and resource allocation techniques.
- Improve communication and collaboration among project team members.

Course Outlines
