

London TDM

Project Management Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 24 May 2026 To 28 May 2026

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

The "Project Governance and Compliance" course is designed to equip project managers, team leaders, and governance professionals with the knowledge and tools necessary to effectively manage and oversee projects within regulatory and organizational frameworks. Over the span of five days, participants will delve into the principles of project governance, explore compliance requirements, and learn to implement strategies for ensuring project success within established guidelines.

Objectives

- Understand the fundamentals of project governance and its importance in project management.
- Identify and analyze regulatory and compliance requirements impacting projects.
- Develop strategies for aligning project objectives with organizational and compliance requirements.
- Learn how to implement governance frameworks and compliance checks throughout the project lifecycle.
- Enhance skills in monitoring, reporting, and improving governance and compliance practices.

Course Outlines

Day 1: Introduction to Project Governance

- Overview of project governance concepts and benefits
- The role of governance in project management success
- Key components of a governance framework
- Understanding stakeholder roles and responsibilities
- Establishing a governance structure for projects

Day 2: Compliance in Project Management

- Introduction to compliance and its significance in projects
- Identifying regulatory requirements and industry standards
