Introduction

Welcome to the "Developing a Procurement Strategy" course. This five-day intensive program is designed to equip professionals with the necessary skills and knowledge to formulate an effective procurement strategy. Through a blend of theoretical knowledge and practical exercises, participants will learn to align procurement strategies with organizational objectives, manage risks, and drive value through supplier relationships.

Objectives

- Understand the fundamentals of procurement strategy development.
- Align procurement strategies with broader organizational goals.
- Identify and assess risks within the procurement process.
- Develop supplier relationship management strategies.
- Implement and evaluate procurement strategies for continuous improvement.
