

London TDM

Health, Safety, and Environment (HSE) Training

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 05 July 2026 To 09 July 2026

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

In today's fast-paced work environment, an effective understanding of workplace safety and hazard control is essential for maintaining a secure and productive atmosphere. This comprehensive 5-day professional course is designed to equip participants with the knowledge and skills necessary to identify, assess, and manage potential hazards in the workplace. Through a blend of theoretical knowledge and practical application, this course aims to promote a culture of safety and compliance with industry standards.

Objectives

- Understand the fundamentals of workplace safety and health regulations.
- Learn to identify and assess potential hazards in the workplace.
- Develop strategies for hazard control and accident prevention.
- Implement effective safety management systems.
- Promote a culture of safety awareness and continuous improvement.

Course Outlines
