

London TDM

# Health, Safety, and Environment (HSE) Training

**Course Venue:** United Kingdom - London

**Course Date:** From 14 June 2026 To 18 June 2026

**Course Place:** London Paddington

**Course Fees:** 7,500 USD

## Introduction

The "Maritime and Offshore Safety Management" course is designed to provide comprehensive training for individuals seeking proficiency in ensuring safety within maritime and offshore operations. This course will cover essential safety regulations, risk assessment, emergency preparedness, and advanced safety management systems. Through lectures, interactive sessions, and practical exercises, participants will gain valuable skills necessary for enhancing safety in maritime and offshore environments.

## Objectives

- Understand key maritime and offshore safety regulations and standards.
- Learn effective risk management strategies specific to maritime operations.
- Develop skills for implementing and managing safety management systems.
- Gain knowledge of emergency preparedness and response techniques.
- Enhance competency in conducting safety audits and inspections.

## Course Outlines
