# Oil and Gas Industry Training Courses

**Course Venue:** Malaysia - Kuala Lumpur

**Course Date:** From 24 May 2026 To 28 May 2026

**Course Place:** Royale Chulan Hotel

**Course Fees:** 6,000 USD

## Introduction

This 5-day professional course is designed to provide participants with comprehensive knowledge and skills in Health, Safety, and Environment (HSE) compliance specifically tailored for offshore platforms. The course will cover essential regulatory frameworks, risk management techniques, and best practices necessary to ensure a safe and sustainable working environment in offshore operations.

## Objectives

- Understand HSE regulatory requirements applicable to offshore platforms.
- Identify and assess potential hazards specific to offshore operations.
- Develop effective risk management plans and emergency response strategies.
- Enhance competence in conducting safety audits and inspections.
- Promote a culture of safety and environmental stewardship among offshore personnel.

## Course Outlines

### Day 1: Introduction to HSE Compliance for Offshore Platforms

- Overview of Offshore Industry Operations
- Introduction to HSE Regulations and Standards
- Key HSE Challenges in Offshore Environments
- Role of HSE Professionals in Offshore Platforms
- Case Studies on Offshore Safety Incidents

### Day 2: Hazard Identification and Risk Assessment

- Types of Hazards in Offshore Platforms
- Risk Assessment Methodologies
