# Engineering and Technical Skills Training Courses

**Course Venue:** Malaysia - Kuala Lumpur

**Course Date:** From 12 April 2026 To 16 April 2026

**Course Place:** Royale Chulan Hotel

**Course Fees:** 6,000 USD

## Introduction

In today's dynamic business environment, having a blend of technical insights and business acumen is invaluable. "Technical Skills for Non-Technical Professionals" is a comprehensive 5-day course designed to bridge the gap between technical teams and business units, empowering professionals to be more effective in their roles through understanding fundamental technical concepts and tools.

## Objectives

- Enhance understanding of key technical concepts relevant to business functions.
- Improve communication with technical teams through better understanding of tech terminology.
- Enable more informed decision-making by understanding technology impacts.
- Provide practical skills in data analysis and project management tools.
- Foster a culture of collaboration and innovation between technical and non-technical teams.

## Course Outlines

### Day 1: Fundamentals of Technology in Business
