

London TDM

Administration and Office Management Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 24 May 2026 To 28 May 2026

Course Place: Royale Chulan Hotel

Course Fees: 6,000 USD

Introduction

This five-day course, "Introduction to Office Management Software," aims to equip participants with foundational skills in using various office management tools. The focus will be on practical applications to enhance productivity, organization, and efficiency in a professional setting. By the end of this course, participants will be able to effectively utilize these tools in their day-to-day office tasks.

Objectives

- Understand the role and importance of office management software.
- Gain proficiency in using key office management tools.
- Learn to integrate different software solutions for better workflow management.
- Develop skills to manage and organize digital documents effectively.
- Enhance productivity through automation and software utilization techniques.
