Introduction

This 5-day professional course, "Supervising Administrative Staff," is designed to equip supervisors with the essential skills and knowledge needed to effectively manage administrative teams. Participants will learn strategies for enhancing team productivity, fostering a positive work environment, and developing leadership competencies. By the end of the course, supervisors will be better prepared to address the unique challenges associated with leading administrative staff.

- Understand the roles and responsibilities of an administrative supervisor.
- Develop effective communication and leadership skills.
- Learn strategies for managing and motivating administrative teams.
- Implement performance evaluation and feedback techniques.
- Enhance problem-solving and decision-making abilities.

Course Outlines
