Course Venue: United Kingdom - London

Course Date: From 12 April 2026 To 16 April 2026

Course Place: London Paddington

Course Fees: 6,000 USD

Introduction

The "Visual Branding and Design Principles" course is designed for marketing professionals, graphic designers, and brand strategists who wish to deepen their understanding of how visual elements influence brand perception and consumer behavior. This course will equip participants with essential design principles and branding strategies to create visually compelling and effective brand identities. Throughout the five days, participants will engage in theoretical discussions, practical exercises, and collaborative projects to enhance their visual branding skills.

Objectives

- Understand the core principles of visual branding and their impact on consumer perception.
- Learn essential design principles and how to apply them to brand development.
- Explore typography, color theory, and imagery as tools for effective branding.
- Develop skills to create cohesive and consistent visual identities across various media.
- Critically assess and improve existing visual branding strategies.
