Course Fees: 6,000 USD

Introduction

This comprehensive 5-day course on "Quality Circles and Employee Involvement" is designed to help participants understand and implement quality circles in their organization. Attendees will learn how to engage employees actively, improve collaborative problem-solving, and enhance overall productivity through structured involvement. This course is ideal for managers, team leaders, and HR professionals looking to leverage employee contribution for organizational improvement.

- Understand the concept and benefits of quality circles.
- Learn techniques for fostering employee involvement.
- Develop skills to lead and sustain quality circles in the workplace.
- Identify and solve organizational problems through team collaboration.
- Create a culture of continuous improvement and innovation.
