London TDM

Security Management and Risk Protection Training Courses

Course Venue: Malaysia - Kuala Lumpur

Course Date: From 03 May 2026 To 07 May 2026

Course Place: Royale Chullan Hotel

Course Fees: 6,000 USD

Introduction

This intensive 5-day course is designed for professionals who aim to master the art of developing and implementing security policies within an organization. Participants will gain a deep understanding of the strategic and operational aspects of security policy creation and learn how to tailor these policies to meet specific organizational needs. By the end of the course, attendees will be equipped with the skills necessary to design comprehensive security policies that protect organizational assets, data, and personnel.

Objectives

- Understand the critical components of effective security policies.
- Learn how to assess organizational security needs and risks.
- Develop skills to draft clear and enforceable security policies.
- Explore best practices for implementing security policies across an organization.
- Assess and refine security policies based on real-world application and feedback.

Course Outlines
